

### **between noon amp three pdf**

Amps . Finding the right amp for your bedroom and smaller clubs, can be a challenge. During the last decade, the market has been flooded by affordable tube amps in all price ranges and while most of them will cover your basic needs, there are some distinct differences that will have an impact on your tone.

### **Amps**

Amp settings depends on your guitar/pickups and pedals but I guess, in terms of David's tones, I'd go for something like this: pushed, vintage, keep the EQ fairly moderate " around noon " with the mids slightly boosted and the treble slightly rolled off and the gain as high as you can until it breaks up.

I also ran into a small issue with the power connector on the OA-21 unit. It was producing some small amounts of arcing when powering on. The surface area of the plug going into the main board wasn't enough to supply the power across without arcing, so I opted to remove the plug completely and solder the power connector from the toroid directly to the board.
