Note to Reader: I'm a writer at heart and blog as much as possible. There are many things I'd like to write about, but time is limited, so there are some big gaps between blog posts. Also, below are some fairly strident writings, especially when it comes to protecting LGBTQ youth and others who lack!

Because noncognitive qualities like grit, curiosity, self-control, optimism, and conscientiousness are often described, with some accuracy, as skills, educators eager to develop these qualities in their students quite naturally tend to treat them like the skills that we already know how to teach: reading, calculating, analyzing, and so on. And as the value of noncognitive skills has become ...
